

Wolfspeed® Product/Process Change Notification

PCN Number:	CREE-PCN-1349	PCN Issue Date:	December 10, 2021
PCN Type:	Courtesy		

PCN Title

Updating Data Matrix Content (DMC) in B-, F, H, and X-Power Modules

Description of the Change

To comply with the global Wolfspeed product identification and traceability standards, Wolfspeed is in the process of updating the content of the barcodes applied to its power modules (B, F, H, and X platforms). In other words, the barcode content will be changed from NNNNNNNNNN (module serial number) to ZZZZZZZZZZ-DDDDDD-XXXX-NNNNNNNNNN, where -Z, -D, -X/-N represent product number, date code, and module serial number, respectively. For instance, 6706546036 is changed to CAS480M12HM3-FA2036-0036-6706546036.

Benefit of the Change

The migration from DMC with the module serial number only to the new barcode format enables Wolfspeed to improve its product traceability. Any other changes addressed in this notification allow for the convenience of inventory receiving for customers.

Affected Products

Table 1 lists the products affected by the change.

Table 1. Affected Products.

Wolfspeed Part Number Ended with
xxxxxxxxBM3
xxxxxxxxFM3
xxxxxxxxHMx
xxxxxxxxXM3

Anticipated Impact

There is no impact to form, fit, function, or performance of the affected modules.

Sample Status

Samples are available for evaluation and can be shipped at any time.
