RE: End of Life Notification for GORE® EMI Gasket product GS2100, GS5200 and GS8000 and GORE® SMT EMI Gasket product GS5200

Dear Mark:

Gore has reached the decision to discontinue GORE® EMI Gasket product GS2100, GS5200 and GS8000 and GORE® SMT EMI Gasket product GS5200 (25SMT-3645-XX) due to unresolved supply chain constraints that prevent us from assuring long term, reliable supply. We are notifying you as early as possible to ensure you have ample time to adjust product designs and specifications (if needed) to include alternative suppliers. We will honor all current orders and continue to accept orders per the schedule below to assist with minimizing any supply chain disruptions.

Submit purchase order for last time buy	April 30, 2020
All material shipped by	March 1, 2021

In addition, we will also support providing vendor information for the adhesives historically used on GS2100 and GS8000 products should you desire to purchase material without adhesive and extend the shelf life of the last time buy. If you have any further questions please do not hesitate to contact me, your Gore sales representative or Jason Pugh, Customer Support (jpugh@wlgore.com).

Sincerely,

Kelly Sparrow
