

FAST FACTS

Richardson RFPD, Inc.

Richardson RFPD, Inc., an Arrow Electronics company, is a global leader in the RF and wireless communications, power conversion and renewable energy markets. Relationships with the industry's top component suppliers enable Richardson RFPD to meet the total engineering needs of each customer. Whether it's designing components or engineering complete solutions, Richardson RFPD's worldwide design centers and technical sales team provide support for all aspects of customers' go-to-market strategy, from prototype to production.

Design Support from Prototype to Production

Customer-driven solutions focused on two key growth markets:

- RF & Wireless
- Energy Technologies

Value-added services for new and existing products through:

- Design-in support
- Systems integration
- Prototype design and manufacture
- Testing and logistics

Latest Products from the Market Leaders

Relationships and programs with the most technically advanced suppliers of:

- Semiconductors
- Passive RF and Microwave Components
- Connectors and Cable Assemblies
- Relays and Switches
- M2M/Embedded Solutions
- Power and Control Devices
- Passive Power Components – including Power Film/ Electrolytic Capacitors
- Thermal Management

Global Distribution with Local Presence

- 3 international distribution hubs:
 - Asia
 - Europe
 - North America
- Integrated global supply chain
- 3-5 day (or less) shipment to any city worldwide
- Nearly 160 local field engineers and technical resources
- 5 RF test application labs
- 2 power conversion design centers
- 38 global sales offices
